The Commissioner of Fisheries  
Taraporewala Aquarium  
Netaji Subhash Chandra Bose Road,  
Charni Road, Girgaon  
MUMBAI 400 002

Sub: Fishery Improvement Project (FIP) on Indian oil sardine & Indian mackerel along the coast of Maharashtra & Goa- Regarding development of Fisheries Management plan for Maharashtra.

Dear Sir,

Kindly recall the discussion Shri Manoj Kushe, Director of our Company had with you in your chamber on 19th January 2023 regarding the development of Marine Fisheries Management Plan for Maharashtra.

During the discussion we had handed over you the draft copy of Indian Marine Fisheries Code (IMFC) and a copy of the Management Plan for the Marine Fisheries of Tamil Nadu developed by CMFRI for your kind reference.

We also brought your kind notice the need for an effective Marine Fisheries Management Plan by the Department of Fisheries for moving forward and make our FIP successful. We also highlighted the importance of FIP in maintaining a sustainable, well managed Fisheries in accordance with our National Fisheries Policy.

A report to Marin Trust (our certifying agency) based on the approved fishery action plan is pending for want of the Marine Fisheries Management Plan for Maharashtra.

We shall be grateful if you could kindly look into the matter and see that the subject is expedited at the earliest.

Yours faithfully
