Reference: Certificate extension N° PE22/819943957
MarinTrust Global Standard for Responsible Supply v2.0

Dear Sirs:

This document acknowledges the approval of the extension of the validity of the **MarinTrust v2.0** certificate, with reference number **PE22/819943957**, which has been extended for an additional period of three (3) months, from **March 1, 2025, to June 1, 2025**.

The extension will be valid for (3) months. The reason for this extension was mainly due to the delay in the results of the fishery assessment, which caused a recertification audit not to be scheduled on the corresponding expiration date.

During this period, the certificate maintains its original validity and conditions.

We attach a copy of the updated certificate for your reference. For any additional questions, we remain at your disposal to provide you with the necessary information.
