Maharashtra

Sub- Collaboration in Fishery Improvement Project reg.
Ref- Your email dated 6/08/2025

Sir,

As per the above cited subject, College of Fisheries is willing to collaborate for Fishery Improvement Project of Omega Fishmeal and Oil Private Limited, Ratnagiri. The project related to occurrence of Endangered, Threatened or Protected (ETP) species, requires extensive field visits, data collection, sample collection and identification of about one year period. To execute the project, research fellows, field assistants and related equipments are required. If company is ready to sponsor the expenses, then it will be easier for us to proceed further.
Expecting your early reply.

Yours faithfully,

Associate Dean
College of Fisheries,
Ratnagiri
