Respected Sir,

Please refer to our previous correspondence on the subject related to our ongoing FIP on Indian oil sardine and Indian mackerel along the coast of Maharashtra and Goa.

In connection with this project, we request for an updation on the various MCS activities undertaken by the Department of Fisheries, Maharashtra including the installation of Automatic Identification System (AIS) /Vessel Monitoring System (VMS)/ Vessel Tracking System (VTS) onboard small pelagic purse seiners for the safety of vessel and crew members the State. Also kindly let us know how the Department of Fisheries analyse the data collected and make use of it in refining MCS.

Requesting for an early action.

Regards

ASHISH SALVI
